QUALIFYING APPARATUS WORLD CUP SERIES

The qualifying Apparatus World Cup Series will consist of minimum three and maximum six Apparatus World Cup competitions.

Apparatus Specialists Qualifications

Participation rights

Participation in each event of the qualifying Apparatus World Cup Series in the year of the WCH concerned will be open to all NFs in good standing with a maximum of two gymnasts per NF per apparatus (for the maximum total number of gymnasts, see Accreditation Rules).

Qualification Places

The 8 highest ranked eligible gymnasts per apparatus (for a maximum of 48 men and a maximum of 32 women), based on the WCH Qualification World Cup Ranking list (hereinafter referred to as the "List of Qualified AS") in the year of the WCH concerned, will qualify by name with a maximum of two (2) gymnasts per NF per apparatus.

If, based on the List of Qualified AS, the maximum of 8 gymnasts per apparatus cannot be reached, the next eligible gymnast with the best rank on the apparatus concerned from all competitions of the World Cup Series will qualify (by keeping the provision of a maximum of two (2) gymnasts per NF per apparatus). In case of ties in rank, the gymnast with the highest score prevails.

The List of Qualified AS will be established as follows:

- World Cup Points towards the List of Qualified AS will be recalculated and assigned in accordance with the ranks allocated outlined in the Rules for the FIG Apparatus World Cup Series.
- If, for any reasons, the competition consists of Qualifications only with no Apparatus Finals, the World Cup Points towards the List of Qualified AS will be recalculated and assigned by taking into consideration the Qualifications, in accordance with the ranks allocated outlined in the Rules for the FIG Apparatus World Cup Series
- The four (4) highest results per gymnast per apparatus will be taken into consideration, regardless of the number of competitions the gymnast(s) participated in.
- Only eligible gymnasts will be taken into account

In case of a tie in Ranks in the List of Qualified AS, the ties will be broken by respecting points 3 a) b) c) d) below.

Special Provision:

- Apparatus specialists may participate in the qualifying Continental Championships in the year of the WCH concerned (or the approved Continental qualifying event) as Team gymnasts to possibly qualify their Team for the Team and Individual WCH. If their Team qualifies, these apparatus specialists will be removed from the List of Qualified AS and their unused quota places will be reallocated in accordance with the reallocation procedures.
- Apparatus specialists may participate in the qualifying Continental Championships in the year of the WCH concerned (or the approved Continental qualifying event) as All-Around gymnasts to possibly qualify as All-Around gymnasts or Additional All-Around gymnasts for the Team and Individual WCH. If qualified as All-Around gymnasts or Additional All-Around gymnasts, these gymnasts will be removed from the List of Qualified AS and their unused quota places will be reallocated in accordance with the reallocation procedures.

If, for any reasons:

- the Apparatus specialists Qualification Places cannot be allocated through the qualifying Apparatus World Cup Series in the year of the WCH concerned, or
- the qualifying Apparatus World Cup Series cannot be held by the end of June in the year of the WCH concerned,

then the last Apparatus World Cup Series held before the WCH concerned will be used for qualification.

Maximum number of Individual Gymnasts without a Team

NFs without a Team may qualify a maximum of five (5) All-Around gymnasts and Apparatus specialists for Men and for Women. Should a NF qualify more than a maximum of five (5) All-Around gymnasts and Apparatus specialists for Men and Women, the following criteria, in order of priority, will determine which five (5) gymnasts earn the quota places:

1. The gymnast(s) who earned an All-Around quota place.
2. The highest ranked Apparatus specialists based on the List of Qualified AS
3. In case of a tie in ranks in the WCH Qualification Ranking List, the tie will be broken by respecting the following criteria, in order of priority, as follows:
 - a. The ranks of the maximum 4 counting exercises will be added and the gymnast with the lowest total prevails.
In case of a tie in the ranks to determine the 4 counting exercises, the exercises with the highest final scores prevail.
 - b. The final scores of the maximum 4 counting exercises will be averaged and the gymnast with the highest average prevails
 - c. The total E-scores of the maximum 4 counting exercises (maximum 8 scores for Vault) will be averaged and the gymnast with the highest average prevails
 - d. The total D-scores of the maximum 4 counting exercises (maximum 8 scores for Vault) will be averaged and the gymnast with the highest average prevails

Confirmation Process for the Quota Places

For the Team and Individual WCH organized 1 year and 2 years prior to the OG:

The FIG will inform the respective NFs of their allocated Team quota places. Following receipt of the notification from the FIG, the NFs will in principle have 2 weeks maximum to confirm if they wish to use their Team quota place or not.

Should a NF not confirm its Team quota place, the next highest NF from the same Continent, based on the Team ranking results of the Qualifications:

- from the qualifying Continental Championships in the year of the WCH concerned (or the approved Continental qualifying event) will qualify, or, if this is not possible:

from the last Continental Championships held before the WCH concerned with Team participation will qualify. The NF who declines its Team quota place will not receive any All-Around gymnast, Apparatus Specialist or Additional All-Around gymnast quota place.

Special Provision for the Team and Individual WCH organized 1 year prior to the OG:

Should a NF, with a team automatically qualified, not confirm its Team quota place, the next highest NF from the same Continent, based on the Team ranking results of the Qualifications:

- from the qualifying Continental Championships in the year of the WCH concerned (or the approved Continental qualifying event) will qualify, or, if this is not possible:
- from the last Continental Championships held before the WCH concerned with Team participation will qualify
- The NF who declines its Team quota place will not receive any All-Around gymnast, Apparatus Specialist or Additional All-Around gymnast quota place.

Once all Team quota places are confirmed in a given Continent, the FIG will then inform the respective NFs of their allocated All-Around gymnasts quota places. Following receipt of the notification from the FIG, the NFs will in principle have 2 weeks maximum to confirm if they wish to use their All-Around gymnasts' quota place or not. The NF who declines an All-Around gymnast quota will not receive any Apparatus Specialist quota place for this gymnast.

Once all All-Around gymnasts' quota places are confirmed, the FIG will then inform the respective NFs of their allocated Apparatus Specialists quota places. Following receipt of the notification from the FIG, the NFs will in principle have 2 weeks maximum to confirm if they wish to use each of their Apparatus Specialists quota place or not.

Once all Team, All-Around gymnasts' and Apparatus Specialists quota places are confirmed, the FIG will then inform the respective NFs of their allocated Additional All-Around Gymnast quota place. Following receipt of the notification from the FIG, the NFs will in principle have 2 weeks maximum to confirm if they wish to use their Additional All-Around Gymnast quota place or not.
